STAT

Dear Buddy:

Thank you for your letter of 6 July on behalf of

STAT

STAT

We have had [redacted] application papers for several weeks and, while interest was expressed in him in some areas of the Agency, we found nothing immediately available for him. However, he has been kept on our active list of prospects, and we are presently looking over our vacancies to see whether something suitable is now open.

I do appreciate your bringing this matter to my attention, and can assure you that at any time we find a suitable vacancy, we will certainly give him a try at it.

With kindest personal regards,

Sincerely,
